12.10 STATEMENT OF PURPOSE

This Article of the Zoning Ordinance of the City of Cambridge is hereby adopted to encourage the construction of Planned Unit Developments. The Planned Unit Development districts and uses created herein are intended to provide greater opportunity for the construction of quality developments on large tracts of land by providing flexible guidelines which allow the integration a variety of land uses and densities in one development.

12.20 AREA OF APPLICABILITY

A Planned Unit Development shall be allowed by Special Permit in PUD districts so designated from time to time on the zoning map and shall be regulated by the general development controls set forth in Section 12.50 and by the specific development controls for the individual PUD district in which the project is located. Planned Unit Development Districts shall be overlay districts on the zoning map and, for any land within a PUD district, a developer may choose to conform either to all the controls which govern the base district or to all the PUD development controls and process.

12.30 REVIEW OF PLANNED UNIT DEVELOPMENT APPLICATIONS

12.31 *Review Scope.* An application to construct a Planned Unit Development must be reviewed in a manner which is consistent with the procedures set forth in this Section 12.30 and those procedures required by Chapter 40A of the General Laws of the Commonwealth of Massachusetts, as amended.

The purpose of the public hearing shall be to solicit public opinion on the Final Development Plan with emphasis placed on reviewing modifications made to the Development Proposal.
- 12.36.4** The Planning Board shall make the decision to approve or disapprove the application for a Special Permit to construct a Planned Unit Development no later than ninety (90) days after the public hearing concerning the Development Proposal. Approval of the Final Development Plan shall be granted only upon determination by the Planning Board that the Final Development Plan meets the evaluation criteria set forth in Section 12.35.3 and contains any revisions to the Development Proposal required by the Planning Board. If the Planning Board grants the Special Permit with conditions, the conditions must be agreed to in writing by the developer before the Special Permit is granted. The Planning Board shall make its final decision in writing and shall specify its reason for not granting a Special Permit to construct a PUD. If the Planning Board makes no decision within the specified time limit, then the Final Development

Plan shall be considered approved and the Special Permit to construct a PUD shall be deemed granted.

12.37 *Amendments to Final Development Plan.* After approval of the Final Development Plan by the Planning Board, the developer may seek amendments to the Final Development Plan, only if he encounters difficulties in constructing the PUD which could not have reasonably been foreseen, such as with terrain or soil conditions or other complications.

12.37.1 Amendments to the Final Development Plan shall be considered major or minor. Minor amendments, as specified in Section 12.37.2 shall be authorized by written approval of the Planning Board. Major amendments, as specified in Section 12.37.3, shall be considered as an original application for a Special Permit to construct a PUD and shall be subject to procedures specified in Section 12.34 through 12.36. The Planning Board shall decide whether proposed changes are major or minor.

12.37.2 Minor amendments are changes which do not alter the concept of the PUD in terms of density, floor area ratio, land usage, height, provision of open space, or the physical relationship of elements of the development. Minor amendments shall include, but not be limited to, small changes in the location of buildings, open space, or parking; or realignment of minor streets.

12.37.3 Major amendments represent substantial deviations from the PUD concept approved by the Planning Board. Major amendments shall include, but not be limited to, large changes in floor space, mix of uses, density, lot coverage, height, setbacks, lot sizes, open space; changes in the location of buildings, open space, or parking; or changes in the circulation system.

The Planning Board may grant in writing an extension of this time period of up to twelve (12) months upon determination of good cause by the developer. If the developer fails to commence construction of the PUD within the specified time, the Special Permit shall lapse.

12.41.1 If the PUD is to be developed in stages, then the developer must begin the construction of each stage within the time limits specified in the Final Development Plan. Construction in each phase shall include all the elements of that phase specified in the Final Development Plan.

12.42 The Planning Board, or its Designee, shall periodically monitor the construction of the PUD, with respect to start of construction and development phasing. If the Planning Board, or its designee, finds that either the developer has failed to begin development within the specified time period or that the developer is not proceeding in accordance with the approved development phasing, with respect to either timing or construction of an approved mix of project elements, then the Planning Board shall review the PUD

and may extend the time for start of construction or the length of time needed to complete a phase, revoke the Special Permit, or recommend that the developer amend the Final Development Plan subject to procedures specified in Section 12.37. If the Planning Board revokes the Special Permit for the PUD then the Final Development Plan shall be null and void.

12.50 GENERAL DEVELOPMENT CONTROLS

12.51 *Applicability and Conformance with Existing Policy Plans.* The following regulations in this Section 12.50 shall control development within each PUD district. Each development proposal for a PUD shall, to the extent feasible, be made to conform to existing policy plans established by the Planning Board or City Council from time to time for the specific area of the city in which the PUD is located.

12.52 *PUD Development Parcel Size.* The minimum size of a development parcel for a planned unit development shall be as indicated in each planned unit development's individual regulations; however the Planning Board may, at its discretion, allow development parcels containing less than the minimum parcel size required but at least five times the minimum required area for a lot in the base zoning district in which the development would be located. The Planning Board shall permit a development parcel containing less than the minimum parcel size required only upon its written determination that public review and approval of such a small development is necessary for accomplishing the planning objectives of the PUD district in which the development is located.

12.53 *Standards for Construction of Roadways.* All new roadways within a PUD shall be constructed in conformance with standards established by the Department of Traffic and Parking.

12.53.1 Any existing private way or subsequently constructed private way in a PUD may be accepted by the City as a public way only if it meets the Minimum Standards for Acceptance of Existing Private Ways as Public Ways as adopted by the Planning Board.

12.53.2 The design of the overall circulation pattern shall be prepared in accordance with the principles and concepts established in "*Recommended Practices for Subdivision Streets*" prepared by the Institute of Traffic Engineers (1965).

12.54 *Standards for Construction of Utilities and Public Works.* All improvements to the site which include the installation of utilities, public lighting, sewers, and other public works shall be constructed according to criteria established by the Public Works Department, Water Department, Electrical Department, the Planning Board and other appropriate departments. If the developer provides public works, roadways, and utility improvement to the site, the Planning Board may require the developer to post a performance bond.

12.55 *Landscaping.* All open areas within a PUD which are not used as driveways, walkways, or parking lots shall be landscaped in an appropriate manner utilizing both natural and manmade materials such as grass, trees, shrubs, and benches.

Wherever possible, deciduous trees should be planted along new and existing streets. Plazas, arcades, malls, and similar manmade developments shall be counted as landscaped area. In addition, landscaping within a PUD shall conform to any landscaping criteria or requirements which may be adopted by the Planning Board or City Council from time to time, except that any PUD development prior to the establishment of formal landscaping regulations shall not have to conform to them. Outdoor lighting shall be considered in a landscaping plan and shall be designed to complement both manmade and natural elements of the PUD.

- 12.56** *Environmental Performance Standards.* All uses in the PUD district shall conform to all applicable federal, state and local laws and regulations regarding the environment such as laws and regulations concerning noise, air quality, water quality, radiation, and radioactivity.
